- I. Introductions/Sign-in Sheet
- II. Meeting Notes from May, 2011 – See *Attachment* – **Approve**
- III. Update on Regional Planning Advisory Committee – Meeting notes from the June 1st RPAC attached. – **Information**
- IV. Draft Land Use Update (Hightower) – **Information**
- V. Regional Traffic Count Program (Heimer/Flickinger) – **Information**
 - Kern COG is contracting with a Traffic Count Contractor that will more than double the traffic counts that can be taken within the same budget. We will be able to either count locations at least twice a year or count locations that were previously counted. We can also count city of Bakersfield control stations. We can discuss all these possibilities.

The Contractor would like to discuss some options including speed surveys that our member agencies might be interested in.

Kern COG is presenting maps for the meeting showing traffic count locations from the Traffic Count spreadsheet list in one color and the previous locations that are not on the list in another color. All jurisdictions should review again and update preferences on the Traffic Count spreadsheet list that was attached to the February meeting notice email in accordance with the Regional Transportation Monitoring Plan. Kern COG can provide any mapping material that will assist.

- VI. Kern COG Modeling Activity Report (Flickinger/ Liu) – Information
 - CTC Draft Statewide Transportation System Needs Assessment- A copy will be available at the meeting. CDs will be available on request.
 - RTP Table 4.1 model runs for air conformity
- VII. Other Business/Schedule Next Meeting – Wed., August 24, 2011 **10:30AM** at Kern COG
Action: Committee to provide comments of the conceptual maps presented at the May 25th TMC meeting and provide them to Kern COG by July 31, 2011
- VIII. Adjourn
